My small, weird idea

One idea of your own — **not a group's**. Think with the AI assistant, or write here first. Scan the code, open **Week 9**, say hi.

MY IDEA'S NAME (ONE LINE)

1 THE RULE

What rule or annoyance does everyone around you know?

A real scene: when, where, who — school, dorm, hometown, job.

2 THE TWIST

What is your weird twist?

What do you flip, or glue on to something else?

3 THE SMALLEST THING

What is the smallest thing you could make?

One page, one form, one message. Not a whole app.

4 WHAT PEOPLE DO

What would people actually do with it?

Download, sign up, show up, pass it on — not just “ha ha”.

Deadline: today, Oct 28, 18:00. After 18:00 it is recorded as late.
